STANDING TOGETHER FOR THE PEOPLE WHO BUILD BRITAIN

Elite Fire Stop is proud to sponsor the Lighthouse Nottingham & Derby 10 Year Anniversary Christmas Party at Derbyshire Cricket Club on Friday 27 November 2026.

MEMBERS OF THE ELITE FIRE STOP TEAM ON SITE

We have chosen to sponsor this event as a way of giving back to a charity that has supported the construction industry for many years.

We know first-hand the positive impact Lighthouse has across our sector. It gives invaluable support to construction workers and their families when they face personal, financial and emotional challenges. Construction can be a demanding place to work. Long hours, time away from home and the pressure of site life can take their toll, and knowing that help is available can make a real difference.

WHY IT MATTERS TO US

Elite Fire Stop was founded in 2018 with a team of five. Today we have more than 70 site operatives working on projects across the UK. As we've grown, the wellbeing of our people has stayed at the centre of how we work. Our CEO, David Copley, puts it this way:

> **One of our proudest achievements is creating opportunities for so many people and their families.**
>
> DAVID COPLEY, CEO

Behind every one of those opportunities is a person and a family, and we take our responsibility to them seriously. Our motto, "One Elite. One Family.", means that no team works for itself. We all work for each other. Our Technician Voice Group gives our workforce a direct say in how we work and helps us keep listening to the people on the tools.

STANDING BEHIND A CHARITY THAT MAKES A DIFFERENCE

For us, this sponsorship means standing behind a charity that makes a real difference to the lives of construction workers and their families. We're proud to help keep its vital services available and to invest in the wellbeing of the people at the heart of our industry.

ABOUT LIGHTHOUSE

Lighthouse Construction Industry Charity has supported construction workers and their families since 1956. It offers free, confidential support 24 hours a day across three areas: emotional, physical and financial wellbeing. That includes help with mental health, bereavement, illness and injury, debt, benefits and legal advice.

Here in our region, the Nottingham & Derby committee has raised more than £530,000 over the past ten years. That money funds emergency food shops, help with utility bills, counselling and free wellbeing training for construction workers.

LIGHTHOUSE SUPPORT DELIVERED IN 2025

£6,381,156

of charitable support (€7,314,081) for construction workers and their families
